## Investment Fund for Japanese Equities

### Investment Objectives

The ASPOMA Japan Opportunities Fund offers investors the opportunity to invest in value opportunities in the Japanese equity market.

- ⇒ „Hidden Values“-strategy with Private Equity Buy-out-like philosophy
- ⇒ Focus on companies with low valuations, profitable core businesses and over-capitalised balance sheets
- ⇒ Potential for revaluation through more efficient balance sheet structures and distributions
- ⇒ Comparatively small fund size enables a focus on the mid and small cap segment, where the most attractive value opportunities are to be found.

### Additional Information

The Investment Fund ASPOMA Japan Opportunities Fund (hereinafter: OGAW) was established on July 27, 2012 as an undertaking for collective investment in transferable securities (UCITS) under the laws of the Principality of Liechtenstein. The UCITS is a legally dependent undertaking for collective investment in securities of the open-end type and is subject to the law of June 28, 2011 on certain undertakings for collective investment in transferable securities (hereinafter: UCITSG). The Prospectus, the Key Investor Information Document (KIID), the Trust Agreement and Appendix A "Overview of the Fund" as well as the latest annual and semi-annual reports, insofar as they have already been published, are available free of charge on a durable medium from the Management Company, the Depository, the Paying Agents and all authorized distributors in Liechtenstein and abroad as well as on the website of the LAFV Liechtenstein Investment Fund Association at [www.lafv.li](http://www.lafv.li). The units of the UCITS are not authorized for distribution in all countries of the world. This information does not constitute an offer or solicitation to subscribe for units of the UCITS by any person in any jurisdiction in which such offer or solicitation is unlawful or in which the person making such offer or solicitation is not qualified to do so or is doing so to a person to whom it is unlawful to make such offer or solicitation. Information not contained in the Prospectus and Trust Agreement or documents available to the public is deemed to be unauthorized and is not reliable. In particular, the shares have not been registered in the United States of America (USA) under the United States Securities Act of 1933 and may therefore not be offered or sold in the USA or to US citizens. In general, units of the UCITS may not be offered in jurisdictions and to persons in which or to whom this is not permitted. Potential investors should be aware of the risks associated with an investment in the units and should not make an investment decision until they have obtained comprehensive advice from their legal, tax, and financial advisors, auditors, or other experts on the suitability of an investment in units of the UCITS, taking into account their personal financial and tax situation and other circumstances, the information contained in the prospectus and trust agreement, and the investment policy of the UCITS.
